INTEROR: repair orders (RO) *

Fix Me! MIGRATION TO A1 FORMAT IN PROGRESS.

Presentation

This extension allows you to use interventions as a basis for managing repair orders, without having to link the interventions to machines.

It allows you to:

- generate repair orders (ROs) derived from Gestan interventions
- generate quotes directly from the RO
- generate orders directly from the RO

Settings

Settings can be configured via the Tools menu → Application settings → Extension settings.

Currently:

- Standard status
- NetKom status
- Garage status
