====== The Gestan Manual ======

user forum

General Overview Quick Start Gestan Cloud Itinerix

We receive many questions regarding the implementation of Factur-X, an automated system for monitoring business-to-business transactions. We maintain a practical summary on this topic. Additionally, you can find a collection of articles on the subject on the gestan.fr website. Happy reading!

Gestan Ax
General presentation • Quickstart • Extensions • FAQ

Technique
C/S mode • Migration from Gestan 15 to Gestan A1

Gestan Cloud
Vademecum • Connection • Security/Confidentiality • Server status

Partner Area
Partnership and commission scheme • Development standards • Developing an extension

The manual is complemented by a user forum—bringing together over 6,500 users—and a YouTube channel.

Technicians from the Gestan hotline are also available to handle any requests for telephone support.

For more in-depth needs, we offer various training courses—the cost of which may be covered by your company's affiliated training organization (OPCO)—as well as accounting support or Gestan consulting services.

ℹ New version releases are announced via @Gestan_logiciel, with a link to the version's change list.

ℹ Additional information is published on our LinkedIn and Facebook accounts. Subscribe!

Latest manual updates

Fix Me! The English version of the Gestan manual is not yet fully complete. We are updating it gradually. Work in progress.
